| Main activities       | <p>In our Kenjinkai there are 6 families, and the number of members totals 16 people. There are also 3 families which have family members, totaling 10 people, and furthermore, 3 of the families are restaurant owners, so it makes it very difficult to gather together everyone in one place due this is complex structure. Therefore, it is almost impossible for us to carry out events or gatherings as an association.</p> <p>Mutual friendship is the primary purpose of the group. Because we cannot expect all members to gather at the same time, we at least have the opportunity to talk with 3-4 people at most at a time as there are no requirements. For special topics or discussions, we can talk about them on the phone.</p> <p>We entertain and guide those who visit from Fukushima Prefecture</p> <p>We contact the International Affairs Division and make selections and arrangements to send out applicants who wish to apply for training or to study abroad.</p> <p>Since it is difficult to hold activities with just our members, we participate in events run by the Japanese Association in La Paz (sports meetings, karaoke competitions, Japanese festivals, etc.).</p> |
